## *Finding Your Register Size*

Prior to purchasing please make sure to remove your old register and measure your home vents length and width as to guarantee that your new register will fit. See below for more information on how to select the correct size.

Remove old register and measure the length and width of your vent before buying. Vent sizing may vary, so ensure you are receiving the right size using our Online measuring quiz or the sizing chart below.

EXAMPLE: If your vent length is 9.85" and the width is 4.10" then you would choose the 4" x 10" register.

## *Sizing Chart*

Below show the available sizes of registers. Before purchasing please ensure that your vents length and width fit within one of the ranges shown below for the best fit:

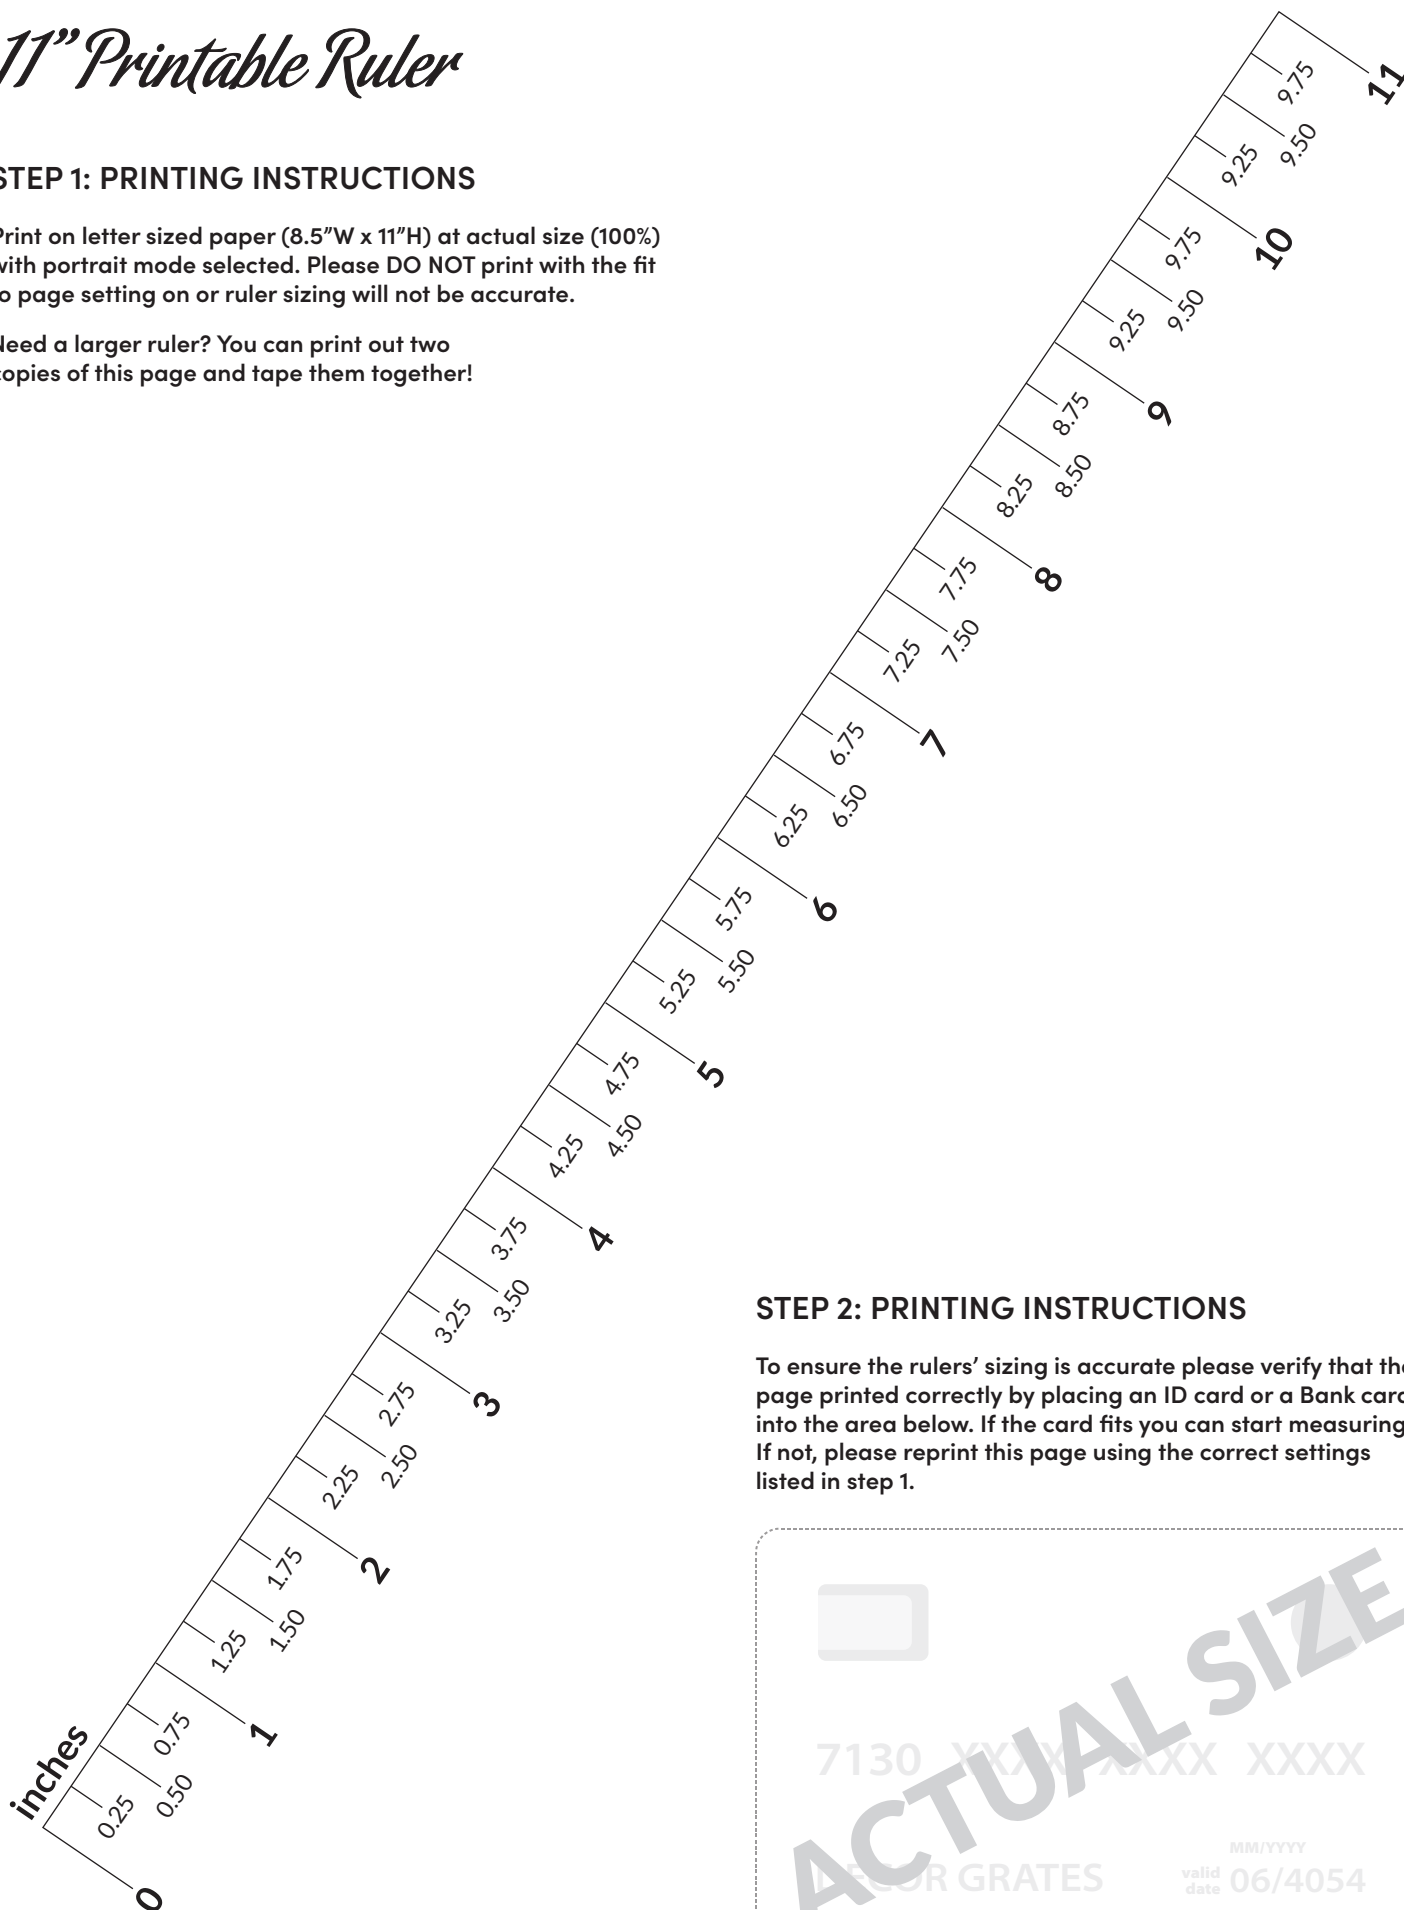

VENT LENGTH	VENT WIDTH	REGISTER SIZES
9.80" – 10.25"	2.85" – 3.25"	3" x 10"
9.80" – 10.25"	3.85" – 4.25"	4" x 10"

# 11" Printable Ruler

## STEP 1: PRINTING INSTRUCTIONS

Print on letter sized paper (8.5"W x 11"H) at actual size (100%) with portrait mode selected. Please DO NOT print with the fit to page setting on or ruler sizing will not be accurate.

Need a larger ruler? You can print out two copies of this page and tape them together!

## STEP 2: PRINTING INSTRUCTIONS

To ensure the rulers' sizing is accurate please verify that the page printed correctly by placing an ID card or a Bank card into the area below. If the card fits you can start measuring. If not, please reprint this page using the correct settings listed in step 1.

DAMPER BOX LENGTH: 9.70"

# 3" x 10" Floor Register Template

DAMPER BOX WIDTH: 2.77"

## 3" x 10" Floor Register Template

### STEP 1: PRINTING INSTRUCTIONS

Print on letter sized paper (8.5"W x 11"H) at actual size (100%) with portrait mode selected. Please DO NOT print with the fit to page setting on or template will not be accurate.

### STEP 2: CONFIRM PRINT SIZE

To ensure the template sizing is accurate please verify that the page printed correctly by placing an ID card or a Bank card into the area below. If the card fits you proceed to step 3. If not, please reprint this page using the correct settings listed in step 1.

### STEP 3: USING THE TEMPLATE

Trim the template along the outside of the dashed line and place over your empty vent to ensure that the damper box will fit. Gapping around the damper box is expected as the face of the grate is bigger in size to secure the register in place.

# 4" x 10" Floor Register Template

## 4" x 10" Floor Register Template

### STEP 1: PRINTING INSTRUCTIONS

Print on letter sized paper (8.5"W x 11"H) at actual size (100%) with portrait mode selected. Please DO NOT print with the fit to page setting on or template will not be accurate.

### STEP 2: CONFIRM PRINT SIZE

To ensure the template sizing is accurate please verify that the page printed correctly by placing an ID card or a Bank card into the area on the right. If the card fits you proceed to step 3. If not, please reprint this page using the correct settings listed in step 1.

### STEP 3: USING THE TEMPLATE

Trim the template along the outside of the dashed line and place over your empty vent to ensure that the damper box will fit. Gapping around the damper box is expected as the face of the grate is bigger in size to secure the register in place.

## *Use & Care Guide*

We manufacture at the highest quality standards to create long lasting decorative floor registers. Proper care and regular maintenance will help to prolong the life of these products.

Listed below are the categories of our products and the care instructions.

### PLASTIC

Can be used in any area of your house. Can be easily mopped or wiped clean with any mild household cleaner that does not contain bleaching agents.

### PLATED STEEL

Can be used in any area of your house. Can be easily mopped or wiped clean with any mild household cleaner that does not contain bleaching agents. Must then be dried to prevent spotting.

### PAINTED STEEL

Can be used in any area of your house. Can be easily mopped or wiped clean with any mild household cleaner that does not contain bleaching agents. Must then be dried to prevent spotting.

## *Additional Care Tips*

Our registers are intended for light foot traffic only, as heavy foot traffic may cause damage to your registers with time. To better prolong the life of your register, please ensure that in any high humidity areas, it is recommended to coat your grate with an extra clear coat of oil based sealer to prolong the life of your grate.
