December 28, 2023

Dear Costco Member,

Costco records indicate that you, or one of your add-on members, purchased item #1614174 BlendJet 2 - Two Pack, between September 2022 and December 2023.

BlendJet Inc., in collaboration with U.S. Consumer Product Safety Commission (CPSC), is voluntarily recalling select serial numbers of our BlendJet 2 portable blenders. BlendJet has determined that the bases in certain older blenders can overheat or catch fire, and/or the blades can break, posing potential fire and laceration hazards to consumers.

We strongly encourage you to participate in this recall by taking the following steps:

1. **Immediately stop using your BlendJet 2 blenders.**
2. Determine if your serial numbers are affected, as outlined below.
3. If determined that your serial number(s) are affected, follow the steps online or by phone for free replacement base(s).

Are My Units Affected?

You can easily check if you have a recalled BlendJet 2 online or by phone.

Online.

Use the "Is my BlendJet 2 Recalled?" tool via www.blendjet.com/safetyandrecall (or by scanning the QR code) and entering the serial numbers of your units (as shown to the right).

By Phone.

You may also call BlendJet toll-free at 844-334-0562 from 8 a.m. to 10 p.m. ET Monday through Friday to provide the serial numbers of your units.

If determined your serial number(s) are affected, BlendJet will provide free replacement base(s) with free shipping as well. If determined your serial numbers are NOT affected, resume use of your BlendJet 2. Alternately, if you are not satisfied with your Blendjet 2, you may return them to Costco for a full refund.

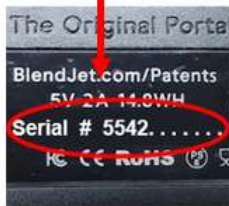

Thank you for being a valued customer and for participating in this recall. We apologize for any inconvenience this situation may have caused.

Very truly yours,

The BlendJet Team

Units with a serial number that begins with the digits 5543 or greater are **not** subject to this recall (they already have the update base unit).

Units with a serial number that begins with 5542 or lower **may be** subject to this recall, check online or call to determine if your unit is affected.
