Nitrogen

Massimo Zanetti Beverage began flushing Kirkland Signature™ 100% Colombian Coffee cans with nitrogen in July 2017. What does that mean for Costco, its members and the earth?

With nitrogen flushing, a lighter can is used

FUN FACT:

78%

of our atmosphere is made up of nitrogen

approx.

145

fewer tons of CO₂ emissions

53

fewer trucks on the road

Coffee that **smells and tastes** as **delicious** as the **day it was roasted!**

93,000 fewer miles

That's 3.7 times around the earth!
