

USING THE UNDER-CLASP SECURITY FEATURE

To open the bracelet:

1

Unhinge the safety lock by pressing firmly until it is completely loose.

2

Press down on the release and pull the two ends of the bracelet lock apart.

To securely fasten the bracelet:

1

Unlatch the safety lock.

2

Insert the tongue of the lock into the groove until there's a click.

3

Secure the safety lock by snapping it shut. You will hear another clicking sound as it shuts.
